CSCA

Dear Coordinator,

Have you heard about the CSCA? The Children's Services Coordinator's Association (CSCA) was established to provide opportunities for Coordinators working in community owned children's services to network, improve their skills and knowledge of best practice and keep up to date with the latest developments in the early years sector.

Other professional development is often designed for members of your educator team but this is a great, cost effective way to engage in professional development that is specifically targeted at service directors.

As a member of the association you have the opportunity to attend four half-day seminars each year (March, June, August & October) with leading presenters and updates from Community Child Care. This year, there will also be a specific inclusion support segment at each seminar. The seminars will give you the opportunity to hear from respected speakers on the key issues affecting the sector, share knowledge and experience with colleagues and be informed about any changes in early childhood. Each seminar includes a delicious lunch at 12.30pm, allowing time to network before you head back to your workplace ready for the afternoon.

Membership is open to Coordinator's and Assistant Coordinator's of community owned children's services. The 2017 annual fee is \$195.00. Membership is individual and is not transferable. If you are unable to attend a seminar, you are able to nominate a person to come in your absence.

Please complete the enclosed registration and begin to enjoy the benefits of being part of a professional network with an experienced peak body representing you at the front of important early childhood issues.

CSCA is not the same membership as Community Child Care.
We look forward to seeing you in March,

Linda Davison and the Executive Members
